

## **Special water-glycol based fluid for the FacilityGuard-Series (FG1) and the LorryGuard-Series (LG1)**

The fluids FG1 and LG1 produce extremely dense, white fog. They are made from highly pure ingredients. The fluids are odourless, water soluble and biodegradable and are harmless.

For the FacilityGuard-Series a 600 ml reusable cartridge, and for the LorryGuard-Series a 55 ml disposable cartridge are available.

Both cartridges can be used 12 month after installation.
